

**CERTIFIED**  
**SECURITY CONTROL STANDARD**  
**VALID UNTIL NOVEMBER 4, 2016**

Magnum Corporation Sdn. Bhd. ("MAGNUM") was awarded with the World Lottery Association (WLA) Security Control Standard Certification on 4 November 2013.

MAGNUM is the first lottery company in Asia to be awarded with both the WLA Security Control Standard and the ISO/IEC 27001 certifications for its Lottery operations in Malaysia.

The WLA Security Control Standard, WLA-SCS:2012 is a comprehensive set of controls and standards for lottery operators and vendors worldwide, which also includes compliance with the ISO/IEC 27001:2005 Standard for information security management systems.

While the ISO/IEC 27001:2005 has 133 security controls representing current best security practices, the WLA-SCS:2012 added an additional 111 security requirements, including 90 lottery-specific security controls, ensuring an effective management of security in MAGNUM.

Compliance with the WLA-SCS shows MAGNUM's commitment to security and integrity in operating a Lottery business. It enables MAGNUM to ensure effective security measures are in place within its lottery gaming processes.
